

Principal Articulation Agreement Between

MANHATTAN COLLEGE

And

ROCKLAND COMMUNITY COLLEGE

This Principal Articulation Agreement between Manhattan College and Rockland Community College (herein "RCC") will serve as a guiding document for use by students and administrators of both institutions in understanding the academic relationship between the schools.

Purpose

Rockland Community College, State University of New York, a community college in Rockland County, New York and Manhattan College, an education corporation chartered by the New York State Board of Regents located in Riverdale, New York, agree to articulate the programs outlined in the appendix of this document to ensure a smooth transfer process for RCC graduates to Manhattan College.

The purpose of this Articulation Agreement (the "Agreement") is to establish collaboration between RCC and Manhattan College, to promote degree completion and facilitate the transfer process. This Agreement provides assurance that RCC students who satisfy the requirements below will matriculate into Manhattan College with junior standing. The following general principles guide the operation of this Agreement.

Admission

This agreement applies to students who have completed or will complete an Associate's Degree at Rockland Community College and meet Manhattan College admission requirements for their program of study. Unless otherwise indicated, RCC graduates with a 2.5 cumulative GPA or higher will be admitted to most programs at Manhattan College.

Scholarships

Transfer students admitted from RCC who have earned a 3.0 cumulative GPA or higher will be automatically considered for merit-based scholarships. Students must enroll at Manhattan College as a full-time, degree-seeking student and maintain a 3.0 GPA in order to renew their scholarship. The scholarship is renewable for up to two-years or four semesters (fall and spring) of full-time coursework in a Bachelor's Degree program. Additionally, Manhattan College offers a limited number of Phi Theta Kappa (PTK) scholarships. Scholarships cannot be applied towards housing, fees, summer session, or graduate tuition. RCC graduates may also be eligible for state and federal aid and are encouraged to submit the FAFSA as soon as it becomes available.

Transfer of Credits

Students will receive a transfer credit evaluation within two weeks of admission, following Manhattan College's transfer credit policies, except that passing grades below C will not be accepted for RCC graduates. Unless otherwise indicated in the course-by-course equivalence

tables, 60 credits from the Associate's degree will be applied towards the completion of a Bachelor's degree program at Manhattan College. Courses for which the graduate did not achieve the minimum grade for the program will receive credit for the course; the Manhattan College program chair or their designee will determine whether the course can be applied to the program requirement, the Manhattan College core or as an elective. Wherever possible, course substitutions will be made for Manhattan College requirements to ensure maximum transferability of credit for RCC students.

Financial Aid

RCC students should file a FAFSA for the year they plan to attend Manhattan College. Within seven days of receipt of the FAFSA, Manhattan College will provide an offer of financial aid to admitted students.

Completion of Bachelor's Degree

Students who attend Manhattan College under this agreement will be required to fulfill Manhattan College's Bachelor's degree requirements from the academic catalog in effect during their first semester of matriculation. Students must meet Satisfactory Academic Progress as stated in the Manhattan College academic catalog.

Promotion and Outreach

Manhattan College and RCC agree to publicize this agreement through but not limited to print and digital marketing. Both institutions agree to collaborate to ensure successful transfer initiatives and to develop future partnerships. RCC will host Manhattan College representatives, including admissions staff and faculty, on RCC's campus in order for Manhattan College to promote its programs and this Principal Agreement.

RCC will provide its newly admitted students, currently enrolled students and alumni with information about this Principal Agreement and will also list Manhattan College in any publications and/or websites that refer to articulation agreements.

RCC and Manhattan College grant a reciprocal license for each to use the name and/or logo of the other educational institution for the purpose of promotion and advertisement of this specific agreement. Neither party is authorized to use the other's name and/or logo for any purpose other than stated herein. Advertisement will be disseminated only after consultation between the parties. RCC and Manhattan College will communicate their marketing and promotion plan to each other to avoid duplication and to make effective use of promotion resources.

Reverse Transfer

This transfer articulation agreement will be honored in the event students from RCC transfer to Manhattan College prior to completion of their RCC Associate's degree, and subsequently obtain their associate's degree through RCC's reverse transfer process. Manhattan College will work collaboratively with RCC to communicate with students who have transferred from RCC

prior to Associate's degree completion, so that the reverse transfer process can be activated.

Review and Termination

- A. The initial term of this agreement shall be one year from the date it becomes fully executed by the parties and shall automatically renew on each anniversary thereof unless terminated in accordance with the provisions of this section.
- B. The Agreement may be terminated by either party for convenience upon a minimum of 90 days' prior written notice. This contract may be terminated by either party for cause, including loss of accreditation, immediately. Termination of the Agreement will not adversely affect any students currently enrolled at, or accepted to, Manhattan College at the time of termination.
- C. This Agreement may be amended or modified by the parties in a writing signed by both parties.
- D. Changes made to relevant curriculum at either RCC or Manhattan College will necessitate review of the programs at both institutions to determine if modification of this Agreement is necessary. If deemed appropriate, a new agreement will be generated and signed. Curriculum changes by either RCC or Manhattan College must be communicated in writing no later than June 30 of any academic year. Each of RCC and Manhattan College assumes responsibility for informing their students of curricular revisions that would impact student planning and/or degree completion.
- E. RCC and Manhattan College agree to communicate program changes in a timely manner to avoid disruption of student progress toward degree completion.

Appendices

Course-by-course equivalency tables by program

XIII. Miscellaneous

Both Parties agree:

A. Confidentiality. During the course of performance of this Agreement, either party (the "Receiving Party") may be given access to information that relates to the other party's (the "Disclosing Party") past, present and future research, development, business activities, products, services, technical knowledge and personally identifiable student and employee information. All such information shall be deemed "Confidential Information" unless otherwise indicated by the Disclosing Party in writing at or after the time of disclosure. Receiving Party may use the Confidential Information only in connection with the specific duties authorized pursuant to this Agreement. The terms of this Section shall survive the expiration or termination of this Agreement. Each party hereby acknowledges and agrees that the other party shall have the obligation to disclose only such information as is required by law and that any such disclosure shall be limited to the extent that the Disclosing Party considers proper under the law. If either party is directed or ordered to provide or disclose any information or matter by public authority or otherwise required to do so by law, such party shall promptly notify the party whose information is being provided or disclosed.

- B. Each Party shall designate a representative who shall coordinate and monitor the Agreement.
- C. Compliance with Laws. Each party warrants on its behalf and that of its contractors, employees, and agents that it shall comply with all applicable Federal, New York State, and local laws, ordinances, rules, regulations, and codes.
- D. No Employment Relationship Created. It is understood and agreed between the parties that this Agreement is not intended to nor does it create an employment contract between Manhattan College, on the one hand, and RCC or RCC's employees, on the other, nor does it create a joint relationship or partnership between the parties hereto. The parties' relationship is solely and exclusively that of independent contractor. Except as specifically permitted in this Agreement, neither party shall use the name or trademarks of the other party or incur any obligation or expense for or on behalf of the other party without the other party's prior written consent in each instance.
- E. Force Majeure. Notwithstanding anything to the contrary contained in this Agreement, neither party shall be liable nor shall any credit or other remedy be extended, for such party's failure, in whole or in part, to fulfill its obligations under this Agreement where such failure arises from or in connection with causes reasonably beyond such party's control, including, but not limited to, acts of God, flood, extreme weather, fire or other natural calamity, terrorist attack, any law, order, or regulation or action of any governmental entity or civil or military authority, power or utility failure, cable cuts, unavailability of rights-of-way, national emergencies, riots, wars, strikes, lock-outs, work stoppages or other labor difficulties, or epidemics, pandemics, or other global health emergencies (each a "Force Majeure Event"). If a Force Majeure Event occurs during the term hereof, the materially adversely affected party (ies) shall be excused from performance hereunder for the duration of the Force Majeure Event.
- F. Severability. If a court holds any provision of this Agreement to be illegal, invalid, or unenforceable, the remaining provisions shall remain in full force and effect and the parties shall amend this Agreement to give effect to the stricken clause to the maximum extent possible.
- G. No Third-Party Beneficiary Rights. This Agreement is not intended to and shall not be construed to give any third party any interest or rights (including, without limitation, any third-party beneficiary rights) with respect to or in connection with any agreement or provision contained herein or contemplated hereby, except as otherwise expressly provided for in this Agreement.
- H. Waiver. Failure of either party to enforce any of its rights hereunder shall not constitute a waiver of such right(s) or of any other rights and shall not be construed as a waiver or

relinquishment of any such provisions, rights, or remedies; rather, the same shall remain in full force and effect.

- I. Governing Law and Jurisdiction. Except as may be preempted by federal law, this Agreement is governed by the laws of the State of New York, without regard to its choice of law principles. Litigation of all disputes between the parties arising from or in connection with the Agreement shall be conducted in a court of appropriate jurisdiction in New York County, State of New York.
- J. Notices. All notices to the College in connection with this Agreement shall be sent to:

Manhattan College:
Rockland Community College:
In WITNESS WHEREOF this Agreement has been executed by the parties as of theday of, 2024.

APPENDICES

Rockland Community College Block Acceptance and Course Equivalencies for Manhattan College

Majors in the Kakos School of Arts and Sciences

Block Acceptance of Core Credits

Manhattan College will block accept up to 30 credits from the SUNY GER for the core requirements for the B.A. or B.S. degrees. Manhattan College academic advising will review respective transcripts and determine which of the disciplines included in the liberal arts and sciences core have not been fulfilled through a SUNY GER course during a student's AA/AS degree. Incoming transfer students will be assigned distribution Roots and science courses in the areas not taken during their AA/AS degree.
