ARTICULATION AGREEMENT between ROCKLAND COMMUNITY COLLEGE and PURCHASE COLLEGE Spring 2003

Section One: Objectives of the Agreement

The purposes of this agreement between Rockland Community College and Purchase College are:

- * to promote easy and efficient transfer of Associate Degree graduates from Rockland Community College to Purchase College.
- to provide information about junior and senior year requirements to students and advisors at Rockland Community College;
- to attract qualified students to Rockland Community College and Purchase College; and
- to facilitate communication between chairpersons, program directors, and deans at Rockland Community College and their counterparts at Purchase College.

Section Two: Transfer Agreement

This agreement stipulates:

- 1. Graduates of Rockland Community College who have earned an associate's degree and a minimum GPA of 2.5 or better, depending on the program, will be admitted into the parallel program at Purchase College, will be deemed to have satisfied Purchase College core and proficiency requirements, will be granted full junior standing, and will normally be able to complete the requirements for a Bachelor's Degree in four semesters of full-time work.
- Graduates of Rockland Community College admitted under this agreement should have satisfied as many SUNY general education requirements as possible. Students who have met less than seven of these requirements may require additional time to complete their bachelor's degree.
- 3. Graduates of Rockland Community College admitted under this agreement will be provided with a projected junior and senior year schedule listing remaining course requirements. Students will not be required to repeat at Purchase College any course that has been successfully completed at Rockland Community College.

- 4. Chairpersons, program directors and/or appropriate deans at Rockland Community College and at Purchase College will be responsible for notifying their counterparts of any program changes that might affect the transfer process.
- 5. Rockland Community College and Purchase College will disseminate information about this agreement and include it in appropriate college publications.
- 6. Parallel programs and minimum GPAs for admission under the terms of this agreement are specified in the following list, which is incorporated into this agreement. Programs may be added or subtracted by mutual consent.
- 7. Transfer guides outlining courses required to earn the degrees in Purchase College's parallel programs are attached as Appendices A through D and made a part hereof.
- 8. This agreement commences at the date of execution and is for a term of five years. The agreement will automatically renew for a subsequent five-year period unless either party gives notice of intention not to renew.

Rockland CC Degree Program	Min GPA	Parallel Purchase Program
Communication Media Arts AA	2.5	Liberal Studies: Communications/Media Studies BA
